

# 12th Topical Seminar on Innovative Particle and Radiation Detectors 7 - 10 June 2008 Siena, Italy IPRD10

Società Italiana di Fisica  
Bologna - Italia

FLN 7 June 2010

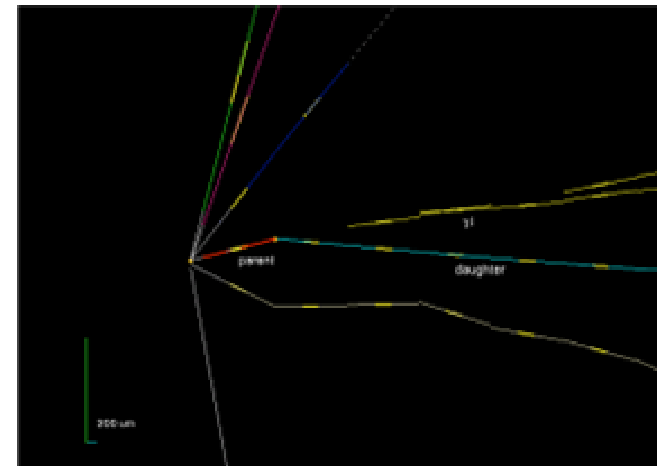

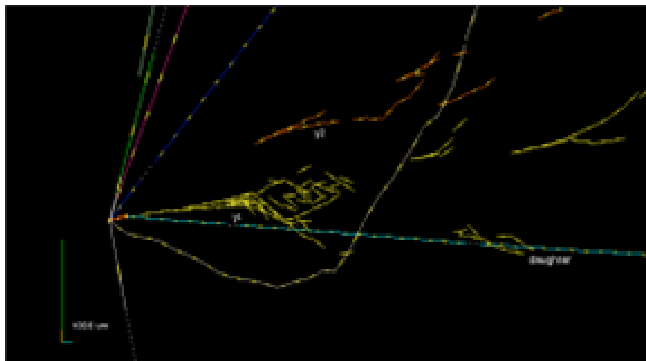

# Welcome to Siena

P. Govoni  
P.S. Marrocchesi  
F.-L. Navarria  
M. Paganoni  
A. Perrotta

- on behalf of the organizing committee
- the Dir. of the Phys. Dept., Prof. A. Scribano, would have liked to welcome you personally today, but he is absent on an official trip - he wishes us a successful and fruitful meeting  
→ PSM will represent him
- thanks to our sponsors: INFN, Univ. of Siena, Univ. of Bologna, SIF, CAEN, Hamamatsu

# 2010 edition (HEPP only)

- LHC at CERN: first physics at 3.5+3.5 TeV, since a couple of months
- OPERA (CERN → Gran Sasso) : first  $\nu_{\mu} \rightarrow \nu_{\tau}$

# Historical notes

- San Miniato Topical Seminars started in 1984, then in 2000 were moved to Pontignano and in 2001 to Siena – there are several series: detectors, physics results and computing – IPRD08 is the **12th** in a series & the **22nd** overall
- The origin of **kaos** is in the title of a novel by Luigi Pirandello, NP (born in Caos near Girgenti), which later became a movie (1984) directed by Fratelli Taviani, who were born in San Miniato

# IPRD10 Programme

- highlights
  - Mon 7 19h **Welcome party** in “**Il Refugio**”
  - Tue 8 18h30-20h30 **Poster session** with **Wine&Cheese** in “**Il Refugio**”
  - Wed 9 20h **Conference dinner** (in **Alla Speranza Piazza del Campo**)
- the rest is all talks
  - all **plenary** sessions in AuditoriumSC
  - *parallel* sessions in ASC and AulaMeetingSC
- but there are coffee/lunch/tea breaks

# Presentations

- please give your talk to Marco/Maria Chiara well ahead of presenting it, i.e. before the beginning of the session, either in .pdf or in .ppt or in .pptx, as Flash Drive (USB pen) or upload it yourself in the correct folder – later it will be linked or posted on the conference Web page
- please stay within your time allocation, which INCLUDES discussions

# Proceedings

- to be published in Nuclear Physics **B** (Proc. Suppl.) – examples and templates are posted on the Conference Web page
- **5** pages maximum for 30', 25' talks
- **3** pages maximum for 20' talks
- **3** pages for 15' talks and posters
- if you have valid reasons not to comply with the page limit **OR** you do not plan to write up your contribution please inform [kaos@bo.infn.it](mailto:kaos@bo.infn.it)
- deadline for manuscripts 31 July **2010**

# Wireless

- there are 7-8 access points (main entrance, auditorium ...), but you may be able to connect elsewhere (in absence of thick walls) -
- unisi Wireless / **silver**
- Username: innovati.r
- Password: 52825b81

# Last

- when registering, please check your data and do not forget to give the secretaries your e-mail and s-mail addresses (the former is needed for remainders, the latter is needed for the copy of the proceedings)
- enjoy the conference
- ... and do not forget the town which is just beautiful and an unique tourist's paradise with perfectly vertical towers
